Health Care - Social Issues Interdisciplinary Program

Courses, Requirements, and 2019-2020 Schedule

Health Care – Social Issues is an interdisciplinary program designed to enhance students' competence in analyzing the complex social and ethical implications of health care controversies, policies, and distribution. By taking courses in this minor, students gain an understanding of how the economy, culture, technology, sociology, and psychology affect modern health care. The program enriches students' understanding of health care's social dimensions, preparing them for further education in any of health care's many subfields.

MINOR REQUIREMENTS

Up to two upper-division courses may overlap with courses taken for a major.

The minor consists of seven courses, of which at least five must be upper-division.

No more than two courses (eight units) may be taken with a pass/no pass grade.

To ensure an interdisciplinary learning experience, no more than three courses (twelve units) may be taken from an individual academic department.

Up to two four-unit academic internships (max 8 units) can be used in lieu of upperdivision

	-						
REQUIRED COURSES							
		Fall	Winter	<u>Spring</u>	Summer		
SOCI 40 Sociology of Health Care Issues				Х			
PHIL 163 Biomedical Ethics				Х			
One of the following Urban Studies &							
Planning courses*:							
USP 143 The U.S. Health Care System			Х				
USP 144 Environmental & Preventative		Х					
Health Issues		Λ					
USP 145 Aging: Social & Health Policy				Х			
USP 147 Case Studies in Health Care							
Programs: Poor and Underserved							
*Whichever courses you do not use for the requirement may be taken as electives.							

Whichever courses you do not use for the requirement may be taken as electives.

Summer 2020 schedule will be released in February

Elective courses listed on reverse side
